info@directlinklogistic.co.uk

About us

Direct Link Haulage is an Edinburgh-based courier and haulage company. We run contracted network routes for major carriers alongside same-day, scheduled, and one-off local deliveries. We're a small, hands-on team, which means you deal directly with the people actually moving your goods.

What we move

Same-day

Urgent collection and delivery, moving within the hour where possible.

Network contracts

Contracted routes run to a national carrier's tracking and timing standards.

Man & van

Pallets, furniture, and multi-drop jobs beyond a standard parcel run.

Why businesses stick with us

- Direct communication — you speak to the driver or the owner, not a call centre.
- No long-term contracts required — pricing stays fair for one job or every day.
- Local knowledge of Edinburgh's roads, one-ways, and loading restrictions.
- Registered Ltd company, VAT registered, and fully insured for hire & reward.

Where we cover

Edinburgh, the Lothians, and central Scotland, with network routes extending further as part of our carrier contract work. Get in touch to confirm a specific area.
